Riga International Biennial of Contemporary Art (RIBOCA) Internship  
Riga, Latvia

## ABOUT RIBOCA

The Riga International Biennial of Contemporary Art (RIBOCA) is an international biennial with a European focus and a strong regional profile, founded in 2016. Taking the rich history of Riga and the Baltic states as its underlying framework, the Biennial highlights the artistic landscape of the wider region and creates opportunities for artists to enter into dialogue with the cultural, historical and socio-political context of the city and its geographic surroundings.

Following the first and second biennial editions, in 2018 and 2020 respectively, RIBOCA3 will retain its strong European focus and regional profile. This year we invited legendary René Block to curate the biennial. He has selected 60 world known artists to fill the industrial area of the port of Riga - Andrejsala with their works.
