Language requirements:
**B2 level in English**
We do not ask for language certificates but rely on the fact that partner universities ensure adequate English language level of their students during the selection process.

We do not have separate programmes run fully in English and exchange students join the same groups with the local students. The courses for creative and hands-on projects are taught mostly through personal discussions so they are done in English for exchange students. We also offer a list of optional courses taught fully in English each semester.
